Nikita Zdvijkov   Software & Electrical Engineer   Houston, TX   www.nznz.me   nikita@nznz.me   (832) 758-6375

Houston, April 18, 2023

Dear Hiring Manager,

I seek a job as a software or electrical engineer in the Houston area or remote. I majored in electrical engineering with a minor in math (The University of Tulsa '21), but my career has so far centered on software. Advanced proficiencies:

– Full-stack web application architecture & security
– TypeScript & JavaScript
– Functional programming paradigm

I pick up new technologies quickly, and I would love the opportunity to try something new!

Please consider my resume on the following page, and check out my personal website, which features my blog and a fuller version of my resume: www.nznz.me.

Thank you,

Nikita Zdvijkov
